Re: Change in ordering instructions-Survival Egress Air

Date: 1 November 2011

The purpose of this document is to alert our distributors to a change in ordering instructions for our Survival Egress Air and Aviation Life Support product lines. Effective November 1, 2011, please place all orders containing these products, spare parts, and/or service kits through our subsidiary, Aerial Machine and Tool Corporation.

This transfer activity is solely due to a change in organizational structure at both companies. Rest assured that the Survival Egress Air and family of spares will continue to be manufactured and logistically supported at our world class manufacturing facility here in California.

As an occasional purchaser of these systems, be advised that you can no longer order these from Aqua Lung. Your current 2011 pricing remains in effect and you will simply need to order these from Aerial. If you do not have an account set up with Aerial, the contact information is below:

The new POC's at Aerial are as follows:

Aerial Machine and Tool Corporation
4298 Jeb Stuart Highway
Vesta, VA 24120
Phone: 1-276-952-2006
Fax: 1-276-952-2231
Web Site: www.aerialmachineandtool.com
Ordering POC: James Houchins
CAGE Code: 70133
DUNS #: 00131551262

Please let us know if you have any questions and this new ordering procedure is effective immediately.

A handwritten signature in blue ink, appearing to be "David K. Stancil", with a long, sweeping underline that extends to the right.
