PROFESSIONAL SETS 2010

This will make your life much easier: An A5-brochure, which contains the best recommendations for your IDC candidates or anybody, who is interested in diving equipment. The brochure gives all information, features and benefits of the latest Aqua Lung products and provides a clear indication of designated diving sets. There are four of them:

1. The "value for money" PRO LT set for divers with a small budget but high expectations.
2. "Tough stuff" the number one Instructor's BCD in Thailand and the latest fusion between lightweight and high performance regulator.
3. Our ladies' set with the most comfortable BCD for girls and Aqua Lung's smallest and lightest regulator.
4. And a TRAVEL SET including the most compact and lightweight BCD and the matching tiny regulator that will fit in a small carry bag.

It also features all suggested accessories which you can complete the sets with and a special section for those who need to have the Divemaster/Instructor equipment required.

An offer for quality equipment with a stylish special brochure – easy customer service made by Aqua Master. Please contact the Aqua Master team for more information about the PROFESSIONAL SETS brochure and how to let them be yours!

Optical Lenses: LOOK2, LOOK2 Midi and EAGLE

More than 50% of the people over 16 year's old need optical glasses. Due to this fact, we have diving masks with optical lenses available and even a pair of AQUA SPHERE's finest swimming goggles which can be used with corrective lenses. Our latest innovation: All these lenses can be installed TOOL-FREE, within a minute, while the diver (or swimmer) can wait for it. It makes special tools unnecessary and offers unbeaten customer service

LOOK2 and LOOK2 Midi feature the same optical lenses. We have symmetrical glasses from -1 up to -8 (in 0.5 dioptrin steps) for near-sighted and also +1.5 up to +2.5 for farsighted who like to read their divecomputer without stretching their arms further than comfortable.

The new WAVE BCD

NEW

The Wave and Wave Jr. BCs have been completely redesigned for 2010. While they still retain their rugged, fade resistant materials, they have been refreshed with exciting new cosmetics and additional features:

- Made from tough, fade-resistant 1000D Armorshield™ Cordura® - looks still new after thousands of dives!
- A scooped octo-pocket on the top front of the right lobe makes it easy to deploy and stow an octopus.
- A console pocket on the left side holds the console safe in place.
- Two large utility pockets are easy to access and will hold all your goodies
- Pull dumps are with hi-viz orange color to be seen and found easily
- The waistband is adjustable over 3 sizes and removable
- Features two stainless steel flat D-rings
- Includes chest strap and lower rear pull dump
- Accepts an optional SureLock II weight system (available separately) once you want to upgrade or resell!

Size XXS also features:

- A detachable double adjusting crotch strap made with neoprene center for extra comfort
- Optional tank band for 30 cu. ft. cylinder

“Back in black”: The new PRO QD comes now in black as well.

The popular Pro QD BC, considered the mainstay of the industry, was getting a new look and updated with all the latest features including the patented SureLock™ II weight system in 2009. It came in a nice navy blue which made 80% of all customers happy, but we have been asked for a black version as well. So, Aqua Lung follows instructor's wishes and has it now in a dark black.
